## Data Completeness Report

Notes: (1) Variables are individually listed only if they have greater than 5% missing data. These variables are listed under the appropriate percentage category in the order in which they appear in the data file. (2) The Data Completeness Report only captures information about system missing or other values that are declared missing. Codes that have a label implying that they are missing but that are not declared missing values are not reflected in this report. Data users should consult the codebook for more specific information about missing values. (3) Some variables that have 100% missing data may have been blanked by ICPSR to protect respondent confidentiality. Data users should consult the codebook for more specific information about blanked variables. (4) Data do not contain skip patterns or skip patterns are not reflected in the data as coded.

**Table 1: Distribution of Variables by Percentage of Missing Values--Village Administrative Data**

Variable Name and Label (Total Cases = 961 )		Percent of Cases with Missing Values
11.2% ( 29 of 259 variables)	have 0% Missing Values	
23.6% ( 61 of 259 variables)	have 0% - 1% Missing Values	
7.7% ( 20 of 259 variables)	have 1% - 3% Missing Values	
1.5% ( 4 of 259 variables)	have 3% - 5% Missing Values	
8.1% ( 21 of 259 variables)	have 5% - 10% Missing Values	
V3_105A	If not, distance from the nearest junior middle school (km)	9.4%
V3_106A	What kind of clinic in village	7.0%
V3_201H	Old or disabled household getting public assistance (wubaohu) in 2002	6.1%
V3_203C	Labor force engaged in construction in 2002	9.5%
V3_203D	Labor force engaged in wholesale, retail and food services in 2002	7.0%
V3_203E	Labor force engaged in other industry in 2002	9.1%
V3_205B	Working out of the province (2002)	9.5%
V3_206B	Working out of the province (1998)	9.3%
V3_302	Total irrigated land (year-end) in 2002 (mu)	5.2%
V3_303	Total irrigated land (year-end) in 1998 (mu)	5.3%
V3_302A	Major irrigation method in 2002	5.5%
V3_303A	Major irrigation method in 1998	5.5%
V3_304E	Planting area for vegetable in 2002 (mu)	6.2%
V3_305B	Planting area for vegetable in 1998 (mu)	6.8%
V3_318	The original value of the village productive fixed assets at the end of the year (2002) - 10,000 yuan	9.4%
V3_319	The original value of the village productive fixed assets at the end of the year (1998) - 10,000 yuan	9.4%
V3_401G	Collective finance expenditure: wage and subsidies for village and group cadre (2002) (yuan)	6.3%
V3_402G	Collective finance expenditure: wage and subsidies for village and group cadre (1998) (yuan)	6.3%
V3_410	Total collective revenue in the village(Yuan) (1998)	8.9%
V3_701B	Any tax-cut? (2002)	5.8%
V3_702B	Any tax-cut? (1998)	6.0%
5.4% ( 14 of 259 variables)	have 10% - 20% Missing Values	

**Table 1: Distribution of Variables by Percentage of Missing Values--Village Administrative Data**

Variable Name and Label (Total Cases = 961 )		Percent of Cases with Missing Values
V3_201I	The household migrated at the beginning of 1999	13.3%
V3_203B	Labor force engaged in manufacturing in 2002	12.1%
V3_304D	Planting area for grain in 2002: maize (mu)	13.5%
V3_306B	Yield per Mu for Grain in 2002: maize (kg/mu)	16.3%
V3_307B	Yield per Mu for Grain in 1998: maize (kg/mu)	16.3%
V3_401H	Collective finance expenditure: other administrative expenditure (2002) (yuan)	18.1%
V3_402H	Collective finance expenditure: other administrative expenditure (1998) (yuan)	18.3%
V3_401I	Collective finance expenditure: other expenditures (2002) (yuan)	18.0%
V3_402I	Collective finance expenditure: other expenditures (1998) (yuan)	18.0%
V3_403A	Accumulative Total amount of debt of village committee (year-end 2002) - 10,000 yuan	19.9%
V3_410G	Total revenue turned in to the superior government (yuan) (1998)	16.8%
V3_410H	Revenue turned in: Fees planned as a whole in the township (Xiangzhen Tongchou) (yuan) (1998)	19.5%
V3_505A	Frequency of inspection tours by county level or upper level officials (average times/year) (1999-2002)	13.9%
V3_506A	Frequency of inspection tours by county level or upper level officials (average times/year) (1990-1998)	13.9%
12.7% ( 33 of 259 variables)		have 20% - 40% Missing Values
V3_201D	Cadre & family business household in 2002	30.5%
V3_202D	Cadre & family business household in 1998	30.5%
V3_201E	Specialized farming households in 2002	22.3%
V3_202E	Specialized farming households in 1998	22.3%
V3_304B	Planting area for grain in 2002: rice (mu)	27.1%
V3_304C	Planting area for grain in 2002: wheat (mu)	22.8%
V3_306	Yield per Mu for Grain in 2002: rice (kg/mu)	31.3%
V3_307	Yield per Mu for Grain in 1998: rice (kg/mu)	31.2%
V3_306A	Yield per Mu for Grain in 2002: wheat (kg/mu)	25.3%
V3_307A	Yield per Mu for Grain in 1998: wheat (kg/mu)	25.1%
V3_311	Total number of employees in TVEs (year-end) (2002)	39.8%
V3_312	Total number of employees in TVEs (year-end) (1998)	39.6%
V3_318A	Productive fixed assets collective owned by the village and villager group (2002) - 10,000 yuan	23.0%
V3_319A	Productive fixed assets collective owned by the village and villager group (1998) - 10,000 yuan	22.8%
V3_401C	Collective finance expenditure used in education (2002) (yuan)	31.0%
V3_402C	Collective finance expenditure used in education (1998) (yuan)	31.0%
V3_401E	Collective finance expenditure used in infrastructure (2002) (yuan)	28.5%

**Table 1: Distribution of Variables by Percentage of Missing Values--Village Administrative Data**

Variable Name and Label (Total Cases = 961 )		Percent of Cases with Missing Values
V3_402E	Collective finance expenditure used in infrastructure (1998) (yuan)	28.2%
V3_401F	Collective finance expenditure: other commonweal expenditure (2002) (yuan)	31.6%
V3_402F	Collective finance expenditure: other commonweal expenditure (1998) (yuan)	32.0%
V3_403	Accumulative total amount of credit of village committee (year-end 2002) - 10,000 yuan	23.5%
V3_405	The year of taxes and fees reform	29.2%
V3_405A	Taxable land acreage (2002) (mu)	27.4%
V3_405B	Agricultural tax, special agricultural tax, and additional fee for the two tax in 2002 paid by the villager (yuan per mu)	27.6%
V3_406	Direction of change of the budget actually usable for education after the reform	30.2%
V3_407	Direction of change of the budget actually usable for administrative cost (salary for cadres etc.)	29.4%
V3_408	Total collective revenue in the village(Yuan)	31.9%
V3_410C	Drawing by the village (Cun Tiliu) (yuan) (1998)	22.9%
V3_410E	Other revenue in the village (yuan) (1998)	38.0%
V3_601A	How many households participate in group-loan (microfinance, xiao'e xindai) (2002)	33.4%
V3_602A	How many households participate in group-loan (microfinance, xiao'e xindai) (1998)	33.5%
V3_701A	If 'yes', how much percentage reduced than ordinary years? (2002)	25.8%
V3_702A	If 'yes', how much percentage reduced than ordinary years? (1998)	25.8%
29.7% ( 77 of 259 variables)		have 40% - 99% Missing Values
V3_9	Orchard (mu)	47.3%
V3_10	Forest (mu)	47.3%
V3_11	Pasture land (mu)	89.3%
V3_12	Fish-breeding pond (mu)	60.8%
V3_104A	Distance from the nearest full-grade primary school (km)	42.6%
V3_106B	Distance from the village to the nearest clinic (km)	55.5%
V3_201F	Ethnic minority household in 2002	40.2%
V3_308	Protecting Price for grain in 2002: Rice (yuan/kg)	48.5%
V3_308A	Protecting Price for grain in 2002: Wheat (yuan/kg)	47.5%
V3_308B	Protecting Price for grain in 2002: Maize (yuan/kg)	51.9%
V3_308C	Protecting Price for grain in 2002: Potato etc. (yuan/kg)	66.4%
V3_309	Total revenue by all the TVEs in the village (2002) - 10,000 yuan	42.5%
V3_310	Total revenue by all the TVEs in the village (1998) - 10,000 yuan	42.4%
V3_309A	Village level collective owned TVEs (2002) - 10,000 yuan	57.8%
V3_310A	Village level collective owned TVEs (1998) - 10,000 yuan	57.8%

**Table 1: Distribution of Variables by Percentage of Missing Values--Village Administrative Data**

Variable Name and Label (Total Cases = 961 )		Percent of Cases with Missing Values
V3_311A	TVE employees: village level collective (2002)	58.6%
V3_312A	TVE employees: village level collective (1998)	58.5%
V3_311B	TVE employees: private enterprise (2002)	42.4%
V3_312B	TVE employees: private enterprise (1998)	42.7%
V3_311C	TVE employees: Joint venture/foreign invested (2002)	73.0%
V3_312C	TVE employees: Joint venture/foreign invested (1998)	73.2%
V3_311D	TVE employees: Others (2002)	64.4%
V3_312D	TVE employees: Others (1998)	64.7%
V3_316D	If answered 'yes' in the above question, who introduced the project? (2002)	66.6%
V3_317D	If answered 'yes' in the above question, who introduced the project? (1998)	71.4%
V3_401A	Collective finance expenditure used in enlarging collectively operated reproduction (2002) (yuan)	58.1%
V3_402A	Collective finance expenditure used in enlarging collectively operated reproduction (1998) (yuan)	58.0%
V3_401B	Collective finance expenditure used in providing productive service for household (2002) (yuan)	49.5%
V3_402B	Collective finance expenditure used in providing productive service for household (1998) (yuan)	50.3%
V3_401D	Collective finance expenditure used in medical treatment and sanitation (2002) (yuan)	55.8%
V3_402D	Collective finance expenditure used in medical treatment and sanitation (1998) (yuan)	55.5%
V3_406A	Direction of education budget change (If decreased) decreased approximately --%	54.1%
V3_406B	Direction of education budget change (If increased) increased approximately --%	74.0%
V3_407A	Direction of administrative budget change (If decreased) decreased approximately --%	48.3%
V3_407B	Direction of administrative budget change (If increased) increased approximately --%	71.4%
V3_408A	Collective operated revenue in the village (including the revenue turned in by collective enterprises) (yuan)	61.9%
V3_408B	Revenue turned in by other enterprises or economic entities excluding the collective enterprises (yuan)	69.3%
V3_408C	Fundraising from 'one issue, one discussion' in the village (yuan)	60.7%
V3_408D	Other revenue in the village (yuan)	54.8%
V3_408E	Appropriate funds from the superior government (yuan)	49.3%
V3_408F	Total revenue turned in to the superior government (Yuan)	51.4%
V3_408G	Revenue turned in: All kinds of fundraising (yuan)	68.1%
V3_408H	Revenue turned in: Other fees turned in (such as forfeit) (yuan)	68.4%

**Table 1: Distribution of Variables by Percentage of Missing Values--Village Administrative Data**

Variable Name and Label (Total Cases = 961 )		Percent of Cases with Missing Values
V3_409	Total collective revenue in the village(Yuan)	60.6%
V3_409A	Collective operated revenue in the village (including the revenue turned in by collective enterprises) (yuan)	75.2%
V3_409B	Revenue turned in by other enterprises or economic entities excluding the collective enterprises (yuan)	78.8%
V3_409C	Drawing by the village (Cun Tiliu) (yuan)	67.0%
V3_409D	Fundraising by the village (yuan)	78.7%
V3_409E	Other revenue in the village (yuan)	72.1%
V3_409F	Appropriate founds from the superior government (yuan)	74.1%
V3_409G	Total revenue turned in to the superior government (yuan)	64.9%
V3_409H	Revenue turned in: Fees planned as a whole in the township (Xiangzhen Tongchou) (yuan)	65.8%
V3_409I	Revenue turned in: All kinds of fundraising (yuan)	79.1%
V3_409J	Revenue turned in: Other fees turned in (such as forfeit) (yuan)	76.8%
V3_410A	Collective operated revenue in the village (including the revenue turned in by collective enterprises) (yuan) (1998)	49.7%
V3_410B	Revenue turned in by other enterprises or economic entities excluding the collective enterprises (yuan) (1998)	59.1%
V3_410D	Fundraising by the village (yuan) (1998)	55.8%
V3_410F	Appropriate founds from the superior government (yuan) (1998)	51.1%
V3_410I	Revenue turned in: All kinds of fundraising (yuan) (1998)	53.2%
V3_410J	Revenue turned in: Other fees turned in (such as forfeit) (yuan) (1998)	56.7%
V3_601	How many households participate in any specialization organization? (approximate) (2002)	44.8%
V3_602	How many households participate in any specialization organization? (approximate) (1998)	44.8%
V3_703A	If there is cooperative medical system, how much insurance premium per month per capita? (yuan/month)	93.9%
V3_703B	If there is cooperative medical system, maximum percentage of medical expenses which can be written off	94.3%
V3_703C	If there is cooperative medical system, how much can be written off per capita per year at most? (yuan/month)	94.5%
V3_704A	If 'yes', how much insurance premium per month per capita paid by the participator? (yuan/month)	93.4%
V3_704B	If 'yes', how much subsidized by the collective per month per capita? (yuan/month)	95.3%
V3_706A	The amount loan for poverty relief in 2001	64.3%
V3_706B	The amount loan for poverty relief in 2001	64.3%
V3_707A	The amount loan for poverty relief in 2000	73.2%
V3_707B	The amount loan for poverty relief in 2000	73.2%
V3_708A	The amount loan for poverty relief in 1999	75.0%

**Table 1: Distribution of Variables by Percentage of Missing Values--Village Administrative Data**

Variable Name and Label (Total Cases = 961 )		Percent of Cases with Missing Values
V3_708B	The amount loan for poverty relief in 1999	75.0%
V3_709A	The amount loan for poverty relief in 1998	74.8%
V3_709B	The amount loan for poverty relief in 1998	74.8%
V3_710A	The amount loan for poverty relief in 1997	75.4%
V3_710B	The amount loan for poverty relief in 1997	75.4%
0.0% ( 0 of 259 variables)		have 100% missing values

# Data and Variable Label Problems

## Part 5

The materials provided by the Principal Investigators were insufficient to conclusively determine the meaning of all of the variables and values in this study. This is a list of problems or potential problems identified by the ICPSR processor. Where it is relevant, the action taken by the processor (such as marking inappropriate values as missing) is also listed.

Variable Names in Datafile	Variable Names in Codebook	Problems Identified
v3_706a, v3_706b; v3_707a, v3_707b; v3_708a, v3_708b; v3_709a, v3_709b; v3_710a, v3_710b		Questionnaire does not provide sufficient labels to distinguish between paired variables. It seems as though the "b" variables are yuan totals and the "a" variables are numbers of households.
order, sm, v3_8old, v3_8new		Variables not found in questionnaire.
v3_105, v3_302a		These binary-response questions each contain one inappropriate non-integer value.
v3_406a		Impossible values: The question asks about a percentage decrease in a budget. Two values exceed 100.
v3_406b		Outlier value might be an error.
	v3_8	This variable appears in the questionnaire amongst many variables from the part 5 dataset, but it does not appear in the data.
