Data Completeness Report

Notes: (1) Variables are individually listed only if they have greater than 5% missing data. These variables are listed under the appropriate percentage category in the order in which they appear in the data file. (2) The Data Completeness Report only captures information about system missing or other values that are declared missing. Codes that have a label implying that they are missing but that are not declared missing values are not reflected in this report. Data users should consult the codebook for more specific information about missing values. (3) Some variables that have 100% missing data may have been blanked by ICPSR to protect respondent confidentiality. Data users should consult the codebook for more specific information about blanked variables. (4) Data do not contain skip patterns or skip patterns are not reflected in the data as coded.

Table 1: Distribution of Variables by Percentage of Missing Values--Rural-Urban Migrant Household Data

Variable Name and Label (Total Cases = 2000)		Percent of Cases with Missing Values
68.2% (88 of 129 variables)	have 0% Missing Values	
14.7% (19 of 129 variables)	have 0% - 1% Missing Values	
6.2% (8 of 129 variables)	have 1% - 3% Missing Values	
0.0% (0 of 129 variables)	have 3% - 5% Missing Values	
2.3% (3 of 129 variables)	have 5% - 10% Missing Values	
SF518	Spouse: Father: Have they been involved in industrial and commercial business?	9.8%
SF519	Spouse: Father: Chengfen (social status) classified in the time of land reform	10.0%
SM518	Spouse: Mother: Have they been involved in industrial and commercial business?	9.7%
5.4% (7 of 129 variables)	have 10% - 20% Missing Values	
SF514	Spouse: Father: Year of birth	10.7%
SF515	Spouse: Father: Age or age at death	11.6%
SF517	Spouse: Father: C. P. member?	10.2%
SM514	Spouse: Mother: Year of birth	10.5%
SM515	Spouse: Mother: Age or age at death	11.0%
SM517	Spouse: Mother: C. P. member?	10.3%
SM519	Spouse: Mother: Chengfen (social status) classified in the time of land reform	10.2%
0.0% (0 of 129 variables)	have 20% - 40% Missing Values	
3.1% (4 of 129 variables)	have 40% - 99% Missing Values	
C410	If you bought your own house, when did you buy it?	90.0%
C410A	What was the price you paid for your house?	89.8%
C503	If you are 'not very happy' or 'not happy at all', what is the main reason?	82.5%
C512	If 'No' to c511, does your family contract the land out?	45.5%
0.0% (0 of 129 variables)	have 100% missing values	

ICPSR 21741

Chinese Household Income Project, 2002

Variable Description and Frequencies

Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.

Chinese Household Income Project, 2002

Rural-Urban Migrant Household Data

CODE	ID Code of Household
------	----------------------

Location: 1-10(width: 10; decimal: 0)

Variable Type: numeric (ISO)

- Mean: 3799244089.32
- Minimum: 1101010050.00
- Maximum: 6227010050.00
- Standard Deviation: 1415753324.87

Based upon 2000 valid cases out of 2000 total cases.

PROVINCE	Province code
----------	---------------

Location: 11-12(width: 2; decimal: 0)

Variable Type: numeric (ISO)

Value	Unweighted Frequency	%
11	100	5.0 %
14	150	7.5 %

- Standard Deviation: 0.56

Based upon 1993 valid cases out of 2000 total cases.

C505 **How satisfied are you with your present job?**

Location: 372-372(width: 1; decimal: 0)

Variable Type: numeric (ISO)

Range of Missing Values (M): 0

Question: How satisfied are you with your present job?

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Not satisfied at all	70	3.5 %

- Study 21741 -

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
2	Somewhat unsatisfied	446	22.3 %
3	So-so	948	47.4 %
4	Relatively satisfied	505	25.2 %
5	Very satisfied	28	1.4 %
0 (M)	-	3	0.1 %

- Mean: 2.99
- Median: 3.00
- Mode: 3.00
- Minimum: 1.00
- Maximum: 5.00
- Standard Deviation: 0.82

Based upon 1997 valid cases out of 2000 total cases.

C506 **How do you think of your income in next 5 years?**

Location: 373-373(width: 1; decimal: 0)

Variable Type: numeric (ISO)

Range of Missing Values (M): 0

Question: How do you think of your income in next 5 years?

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Big increase	138	6.9 %
2	Small increase	1093	54.6 %
3	Unchanged	573	28.6 %
4	Decrease	190	9.5 %
0 (M)	-	6	0.3 %

- Mean: 2.41
- Median: 2.00
- Mode: 2.00
- Minimum: 1.00
- Maximum: 4.00
- Standard Deviation: 0.76

Based upon 1994 valid cases out of 2000 total cases.

C507A **First most important social problem in city**

Location: 374-374(width: 1; decimal: 0)

Variable Type: numeric (ISO)

Range of Missing Values (M): 0

Question: Do you think what are important social problems in your city? (Rank them according to importance)
507a. (First important)

- Study 21741 -

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Environment pollution	411	20.6 %
2	Social security	480	24.0 %
3	Corruption	372	18.6 %
4	Crime	166	8.3 %
5	discriminate the migrants	196	9.8 %
6	Social polarization	224	11.2 %
7	Too many migrants	90	4.5 %
8	Moral degeneration	47	2.4 %
0 (M)	-	14	0.7 %

- Mean: 3.26
- Median: 3.00
- Mode: 2.00
- Minimum: 1.00
- Maximum: 8.00
- Standard Deviation: 1.95

Based upon 1986 valid cases out of 2000 total cases.

C507B

Second most important social problem in city

Location: 375-375(width: 1; decimal: 0)
Variable Type: numeric (ISO)
Range of Missing Values (M): 0
Question: 507b. (Second important)

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Environment pollution	242	12.1 %
2	Social security	409	20.4 %
3	Corruption	353	17.6 %
4	Crime	259	12.9 %
5	discriminate the migrants	195	9.8 %
6	Social polarization	269	13.4 %
7	Too many migrants	139	7.0 %
8	Moral degeneration	111	5.5 %
0 (M)	-	23	1.1 %

- Mean: 3.85
- Median: 3.00
- Mode: 2.00
- Minimum: 1.00
- Maximum: 8.00
- Standard Deviation: 2.06

- Study 21741 -

Based upon 1977 valid cases out of 2000 total cases.

C507C Third most important social problem in city

Location: 376-376(width: 1; decimal: 0)

Variable Type: numeric (ISO)

Range of Missing Values (M): 0

Question: 507c. (Third important)

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Environment pollution	261	13.1 %
2	Social security	220	11.0 %
3	Corruption	273	13.7 %
4	Crime	323	16.1 %
5	discriminate the migrants	191	9.6 %
6	Social polarization	272	13.6 %
7	Too many migrants	176	8.8 %
8	Moral degeneration	241	12.1 %
0 (M)	-	43	2.1 %

- Mean: 4.37
- Median: 4.00
- Mode: 4.00
- Minimum: 1.00
- Maximum: 8.00
- Standard Deviation: 2.26

Based upon 1957 valid cases out of 2000 total cases.

C508A Do rural workers enjoy same treatment as urban workers: Equal pay for equal work

Location: 377-377(width: 1; decimal: 0)

Variable Type: numeric (ISO)

Range of Missing Values (M): 0 , 4 , 5

Question: Do you think rural workers are enjoying the same treatment as urban workers? 508a) Equal pay for equal work

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Yes	575	28.8 %
2	No	1413	70.7 %
0 (M)	-	10	0.5 %
4 (M)	-	1	0.1 %
5 (M)	-	1	0.1 %

- Mean: 1.71
- Median: 2.00
- Mode: 2.00

- Study 21741 -

- Minimum: 1.00
- Maximum: 2.00
- Standard Deviation: 0.45

Based upon 1988 valid cases out of 2000 total cases.

C508B Do rural workers enjoy same treatment as urban workers: Type of work

Location: 378-378(width: 1; decimal: 0)
 Variable Type: numeric (ISO)
 Range of Missing Values (M): 0
 Question: 508b) Type of work

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Yes	564	28.2 %
2	No	1429	71.5 %
0 (M)	-	7	0.3 %

- Mean: 1.72
- Median: 2.00
- Mode: 2.00
- Minimum: 1.00
- Maximum: 2.00
- Standard Deviation: 0.45

Based upon 1993 valid cases out of 2000 total cases.

C508C Do rural workers enjoy same treatment as urban workers: Working hours

Location: 379-379(width: 1; decimal: 0)
 Variable Type: numeric (ISO)
 Range of Missing Values (M): 0
 Question: 508c) Working hours

<i>Value</i>	<i>Label</i>	<i>Unweighted Frequency</i>	<i>%</i>
1	Yes	760	38.0 %

4	rich peasant	21	1.1 %
5	landlord	19	0.9 %
6	other	20	1.0 %
0 (M)	-	203	10.2 %

- Mean: 1.31
- Median: 1.00
- Mode: 1.00
- Minimum: 1.00
- Maximum: 6.00
- Standard Deviation: 0.83

Based upon 1797 valid cases out of 2000 total cases.

Data and Variable Label Problems

Part 10

The materials provided by the Principal Investigators were insufficient to conclusively determine the meaning of all of the variables and values in this study. This is a list of problems or potential problems identified by the ICPSR processor. Where it is relevant, the action taken by the processor (such as marking inappropriate values as missing) is also listed.

Variable Names in Datafile	Problems Identified
various	The data contain zeros which don't make sense unless they are missing values. (They have been marked as missing.)
various	The questionnaire says that missing values are coded as 1.9, but there are no instances of 1.9 values in the data.
c508a	This is a yes/no question, but additional values appear in the dataset.
hf515, hm515, sf515, sm515	Very low values are impossible for these questions, if I'm interpreting them correctly as 'age at death of parents.' These values have NOT been marked as missing.
hf516, hm516	62 years of schooling seems very unlikely.
sf516	52 years of schooling seems very unlikely.
code, populati	I am guessing that these refer to the household ID code and the household population, respectively.
