Administrative Village Questionnaire

Notes:

- 1. Respondent is the party branch secretary, the head of village committee, or the village accountant. The questionnaire should be filled by the enumerator.
- 2. The code of the administrative village should be consistent with the village code in the household questionnaire.
- 3. In this questionnaire, the village means the administrative village, not the natural village.
- 4. Please answer questions according to the Survey Project of Rural Household of the NBS Rural Socio-economic Survey Team if no special requirements exist. If the village has statistical data relevant to some questions, ask the respondent to answer them according to the data. As for questions without statistical data, please ask the respondent to estimate. If Indexes showed up in the basic level annual report table Basic Information about the Village Rural Household Resides (Table No. T101), please refer to this table to fill out.
- 5. Please distinguish "zero value" from "unknown" when answering quantitative questions. Please fill in 0 for "zero value" and let it in vacancy for "unknown.
